 - The Tenant has not paid and will not pay in connection with the tenancy under this contract any key money or any other consideration whatsoever other than the Rent specified below.
3. It is agreed that based on the above, the Tenant Protection Law (Consolidated Version), 5732-1972, or any other law that replaces or amends it and grants any protection or privilege notwithstanding the provisions of the lease contract, shall not apply to the tenancy under this contract.

--- CONDITION OF THE LEASED PROPERTY ---

4. The Tenant declares that they have inspected, examined, and seen the Leased Property through the eyes of a tenant and they waive in advance any claim of non-conformity or any other claim regarding the Leased Property.

For the removal of doubt, the Tenant shall not change the color of the walls in the Leased Property, and these shall be returned to the Landlord painted white and free of stains and breaks, unless written approval is received from the Landlord for such a change.

--- PURPOSE OF THE TENANCY ---

6. The Tenant declares that they rented the Leased Property for the purpose of residence for themselves and their nuclear family only and that they will not use the Leased Property except for the aforementioned purpose only.

10. The Tenant shall be entitled to exercise their right to use the Option Period above by delivering a written notice to the Landlord up to 60 days before the end of the Lease Period, including signing a suitable contract within 10 days of sending the notice, provided they have met all obligations of this contract, including Landlord visits to the Leased Property as requested, and after an agreement for exercising the Option above has been signed between them and the Landlord.

--- SHORTENING THE LEASE ---

11. If the Tenant ceases use of the Leased Property before the end of the Lease Period or Option Period as applicable, without the Landlord's consent, they shall be liable for the full Rent according to this agreement as if they had actually used the Leased Property for the entire Lease Period, up to the amount of Rent for the period the Property was not actually rented. 13. The Landlord may raise the Rent during the Option Period at a rate not exceeding 10% compared to the rate in the First Lease Period. Rent for the additional lease year shall be agreed upon after the Tenant announces their intention to exercise the Option.

14. In the event the Tenant is in arrears in paying the Rent for a period exceeding 5 days, the Landlord reserves the right to cancel this contract immediately and evacuate the Tenant from the Leased Property. In any case and without derogating from the above, if the arrears in payment are caused due to non-execution of a payment order, the Landlord shall notify the Tenant and give them a warning of 7 days to effect the payment.

All expenses, taxes, and levies involved in holding the Leased Property, using it, and enjoying it, which by their nature are imposed on a tenant, for the duration of the Lease Period and Option Period above, including electricity payments, House Committee (Va'ad Bayit), gas, water, and municipal taxes (Arnona), shall apply to the Tenant and be paid by them in full commencing from the date this contract comes into effect, but excluding House Committee payments that are not regular and ordinary payments for maintaining the common property and any other payment which by its nature applies to the owners of the Leased Property, such as levies of various kinds, etc.

18. The Tenant undertakes to pay all payments applying to them on time and to furnish the Landlord, within 5 days of their demand, with receipts and confirmations of the execution of said payments.

19. The Tenant undertakes to notify the Rishon LeZion Municipality, within 7 days of this contract coming into effect, and/or any authority by law relevant to this contract, of the existence of this contract and to transfer the name of the payer of Arnona, water, electricity, gas, and/or any other payment from the Landlord's name to the Tenant's name. --- PROHIBITION OF TRANSFER ---

20. The Tenant is not entitled to transfer their right under this contract to any person or legal entity whatsoever, or to pledge the tenancy or to permit anyone else to use the Leased Property, in whole or in part, in any form whatsoever, whether for consideration or without consideration, without the Landlord's permission in advance and in writing. Notwithstanding the above, the Tenant may bring into the Leased Property employees on their behalf for the purpose of managing and operating the Leased Property and holding any regular and reasonable hosting activity. For the removal of doubt, the Tenant is forbidden to sublet the Leased Property.

--- PROHIBITION OF CHANGES ---

21. writing by the Landlord and under those conditions agreed upon. Except for all detailed additions approved by the Landlord detailed in Appendix A to this agreement. Breach of this clause constitutes a fundamental breach of the Agreement.

- Gas cooktop, Modern integral wardrobe in the bedroom
- Garden furniture set (on the balcony), Gas grill + cylinder (on the balcony)

24. It is clarified that any damage or malfunction caused to the Leased Property and/or contents, arising from reasonable and ordinary wear and tear and not arising from damages caused as a result of negligent use and/or malice and/or omission by the Tenant in safeguarding them and/or using them, shall be borne by the Landlord who shall take care to repair them within a reasonable time under the circumstances from the time they became aware of the defect and/or flaw and/or bear the expenses of their repair. (Damages such as flooding, short circuits, etc., will be repaired immediately where possible, subject to receiving notice from the Tenant).

25. The Tenant undertakes to use the Leased Property and the chattels within it in a careful and reasonable manner, to refrain from any use likely to cause damage or malfunction whatsoever to the Leased Property and/or chattels therein and/or to the building and/or to the Landlord and/or to any third party found in the Leased Property, to take all necessary safety measures paying attention to the use made of the Leased Property, and to repair at their expense within a reasonable time under the circumstances any damage, defect, and malfunction arising from damages caused as a result of negligent use and/or malice and/or omission by the Tenant.

26. It is agreed that any damage to electrical equipment, namely air conditioners, electric shutters, and plumbing, the repair cost of which is up to 500 NIS, shall apply to the Tenant. It is the Landlord's responsibility

27. In any case, the Tenant shall notify the Landlord of any malfunction, breakdown, defect, or loss in connection with the Leased Property immediately upon their formation or discovery.

28. The Tenant undertakes to compensate the Landlord and indemnify them for any damage or expense caused to the Landlord due to any claim submitted against the Landlord arising from non-fulfillment of any obligation of the Tenant under this agreement or due to the behavior of the Tenant and/or anyone on their behalf.

--- VACATING AND RETURNING POSSESSION ---

30. At the end of the Lease Period under this contract and/or in any event of cancellation of the contract, the Tenant undertakes to vacate the Leased Property and return possession thereof to the Landlord with the Leased Property in good and proper condition as they received it, clean, with walls, wall cupboards, and doors clean and intact. It is the Landlord's responsibility to paint walls and/or doors whose paint is damaged. All plumbing fixtures and electrical equipment - AC, water heater, electric shutter - intact.

31. Upon vacating, or at the end of the Lease Period, the Tenant shall not be entitled to receive any payment whatsoever as key money or any other benefit, in any way, in exchange for vacating and returning possession to the Landlord, and they may not remain in the Leased Property after the end of the Lease Period.

32. At the end of the Lease Period under this contract and/or in any event of cancellation of the contract, the Tenant undertakes to vacate the Leased Property and return possession thereof to the Landlord without any debts and fit for immediate use.

33. It is agreed between the parties that restoring the Leased Property to its previous state at the time of the end of the Lease Period or in any other case means restoring it clean and free of any object and person, except for chattels belonging to the Landlord.

34. At the time of vacating the Leased Property and delivering possession thereof to the Landlord, the Leased Property shall be inspected by the Landlord and a delivery protocol shall be signed by both parties regarding the termination of the parties' obligations under the Contract. If at this time open accounts for payment remain, the Tenant shall pay the Landlord according to an estimate the balance of open accounts relative to previous accounts of the Leased Property. Upon receipt of exact accounts, the parties shall pay one another account differences as required. At this time, as long as the Tenant presents confirmations of covering their debts to the authorities, the House Committee, the gas company, the electric company, and the

water corporation, the Landlord shall return to the Tenant the securities delivered to the Landlord at the time of signing the Contract.

--- OBSERVANCE OF LAW ---

35. Within the framework of using the Leased Property, the Tenant undertakes to strictly fulfill all provisions of the Law, bylaws, regulations, custom, and accepted instructions, and to refrain from any harassment, nuisance, or damage to any other tenants, subject to the purpose of the tenancy stated above.

--- REFUND OF PAYMENTS / REPAIRS ---

36. Any amount paid by any party the payment duty of which applies to the other party, shall be refunded by the latter to the former upon first demand, linked to the Consumer Price Index and bearing interest according to law within 7 days from the day of notice.

37. Breach of the provisions of this clause constitutes a fundamental breach of the Agreement. The Tenant shall not be entitled to offset amounts they owe the Landlord by virtue of this lease agreement.

38. Without derogating from the provisions of this agreement, it is agreed that if during the tenancy fundamental defects are discovered and/or formed anywhere in the Leased Property structure which do not arise directly from an act or omission done in the Leased Property by the Tenant and/or with their consent and/or authorization and/or responsibility (e.g., bursting of a main water pipe of the building etc., which does not stem from negligent use by the Tenant), the Landlord must repair them within a reasonable time under the circumstances from the time they became aware of the defect and/or flaw and/or bear the expenses of their repair.

39. Damages that do not allow reasonable living in the Leased Property shall be repaired where possible immediately, subject to giving notice from the Tenant.

40. In such a case, the Tenant undertakes to notify the Landlord immediately regarding the defect requiring repair, if any, to allow them or their representatives to perform the necessary repair. Nothing in this clause constitutes granting authorization to the Tenant to perform repairs as above without the Landlord's consent in advance and in writing. Notwithstanding the provisions of this clause and clause 39, insofar as the Landlord does not act to repair the defects and the said defects do not allow reasonable living in the Leased Property, the Tenant has the right to repair them themselves or by someone on their behalf.

41. The Landlord undertakes to pay the cost of the repair within seven working days and subject to the presentation of payment receipts on the part of the Tenant. Breach of this clause is a fundamental breach of the Agreement.

42. Permission is granted to the Landlord by their representative and any person appointed by them, to visit the Leased Property, occasionally at regular times and hours including Fridays and with prior coordination, for the purpose of checking fulfillment of the provisions of this contract and/or to show the Leased Property to other buyers or tenants and/or for the purpose of performing repairs and works in the area where the Leased Property is found, and the Tenant must allow the Landlord to enter the Leased Property and any part thereof and do there any action as needed, with prior coordination.

43. In case of emergency and/or danger to human life and/or integrity of the Leased Property, the Landlord may enter the Leased Property immediately at any time.

44. If the Tenant has not delivered notice of their intention to extend the Lease Period, the Landlord shall be entitled during the period of 60 days before the end of the Lease Period or the Option as applicable, to show the Leased Property to another potential tenant, in prior coordination with the Tenant. As long as the frequency of visits to the Leased Property does not cause a nuisance and/or disturbance to the Tenant's daily routine.

45. The Tenant undertakes to present to the Landlord confirmations regarding the settlement of all payments they are liable for settling under the provisions of this contract, within 7 days from the date of the Landlord's first demand. Breach of this clause constitutes a fundamental breach of the Agreement.

--- CANCELLATION OF TENANCY ---

46. Without derogating from their rights under any law and under this agreement, each party shall be entitled to cancel this agreement and demand the evacuation of the Leased Property even before the end of the Lease Period if:

48. Nothing in this clause shall be interpreted as detracting from the Landlord's right to take all legal measures in order to evict the Tenant and/or anyone on their behalf from the Leased Property at the said time and/or for any other remedies under the law and/or this agreement. For the removal of doubt, the above pre-agreed compensation was determined by the parties based on a weighed, careful, and objective estimation of the damages that will be caused to the Landlord as a result of delay in vacating the Leased Property and it is agreed that the Landlord shall be entitled to receive this compensation without need for proof of their damages and the claim by the Tenant that this compensation was determined as a fine shall not be heard.

--- SEIZING POSSESSION BY THE LANDLORD ---

49. Without derogating and/or harming the Landlord's rights under this agreement, in addition to any other remedy and relief given to the Landlord under any law, the Landlord shall be entitled, in case of non-evacuation of the Leased Property by the Tenant at the end of the Lease Period or upon cancellation of the contract, to enter the Leased Property in any way they see fit and to take all measures for the purpose of evicting the Tenant from the Leased Property, and shall also be entitled to store in any place they see fit and at the Tenant's expense, any object of the Tenant's objects found in the Leased Property, while the Landlord shall be considered for any need and matter as an unpaid bailee.

For the removal of doubt, security monies shall be returned without any linkage differentials or interest whatsoever.

60. The Tenant empowers the Landlord to fill these checks if a debt is created and this only if after seven days from the day of sending a written notice to the Tenant, the Tenant has not corrected the breach noted in the warning letter.
